and Backpack Program!

This summer, we experienced AGAIN, that whomever first said, "It takes a village to raise a child" was clearly talking about Snohomish. Because of their

commitment to keeping our kids fed and healthy, the Snohomish School District, under the direction of Superintendent Mester, provided FREE breakfast and lunch every single day of the summer vacation. The

Boys & Girls Club was very lucky to be able to participate in this awesome program. We would also like to thank the numerous community groups who volunteered to pack 110 sack lunches for our 16 field trips. We know this was quite an undertaking!

We would also like to thank the Snohomish Food Bank and the back pack committee for providing over 600 Snohomish students with cool, age appropriate back packs LOADED with supplies. Boys & Girls Club kids enjoyed shopping for their backpacks and supplies with volunteers. Their pride was hard to miss!

In addition to these two amazing projects, we also received many donations of snack and other items from churches and individuals this summer. Words cannot express our deep gratitude for the ongoing

support our community shows us!
